

contract homes

"This was our second time building with BB Design and Build and we were even more impressed with them than we were the first time. Adam and James were once again great to work with and so was the rest of their team. They designed a beautiful home exactly to our needs, paying attention to every detail that we asked for. They have a wonderful team of tradesmen who did a top quality job and even finished our home ten weeks ahead of schedule. Thank you to everyone at

BB Design and Build, we could not have hoped for a better building experience!"
Cathie and David Campbell

design & build to suit any budget

"We were looking to build for the first time last year and had already signed with another major builder when we met with James from Begbie Bentham on our block at Mount Cotton.

We gave James an idea of what we wanted and they came up with a design which suited our block, styling and our price.

The building process was an absolute breeze made easy by all the staff involved and the tradesmen deliver a quality job with no corners being cut. Begbie Bentham did the build, landscape, retaining, fencing & driveway in less than the contracted time, inconvenience of having to find other trades ourselves to

do the work after we got the keys so all we had to do was move in and let the dogs out.

We have no hesitation of recommending or using Begbie Bentham again and we thank them again for such a great build experience and we would do it again".

Ian & Tamara Jinks

BEBBIE BENTHAM, as a Redlands based boutique building company, having built over 400 homes since establishing in 2002, is committed to perfection to consistently meet and exceed Client expectations to provide them with a home of the highest quality, individually designed to superior specifications at a competitive cost. This Objective will be achieved through Teamwork, both internal and external, Design flexibility and Communication, ensuring timely completion and total Client satisfaction.

great rental returns assured

designers

Our design team can create a unique design which will meet all of your needs. We have many years of experience in designing innovative homes, for the Redlands. Whether you have a concept drawing or a wish list, our designers will sit down and work through the best ways to maximise your homes potential on your block, whilst keeping your

budget in perspective. Once you are happy with your concept, we are then able to transform your home into a 3D plan, so that, you can visualise the use of space and flow throughout the design. Begbie Bentham aims to give all our clients the overall design experience from concept through to construction.
